

## About AERF

The Anveshana Educational Research Foundation is committed to supporting strategic, whole-of community approaches to education in order to make real, long term improvements in High School level to Higher Education level research outcomes to meet their educational potential. "To support world-class research activities, and create an internationally competitive research environment and innovation system in world". To build an internationally competitive research capacity for the economic and social development of the world it is intended that these research activities will enable to retain good scientists, to foster ideas and knowledge.

## Theme of the Conference

The National Level Conference on Education, Literature, Journalism, Social Sciences, Regional Studies & Management Practices NLCETELJSSRM-2017 is being organized by Anveshana Educational and Research Foundation. Conference welcomes attendees from education, literature, journalism and social sciences, and industries.

The conferences provide a platform to detail the research work of expertise from various scientific backgrounds and the same can be perceived by young researchers and students. The conference mainly aims to provide a platform for critical analysis of new data, and to share latest cutting-edge research findings and results about all aspects of management practices.
