AERF is a leading CAD/CAM/CAE Training and Development centre. We focus on providing cutting edges, state of art, latest technology education and aims at All-round development of our trainees/students. AERF has implemented in its training the following Tenants.

- **DRAWINGS:-**Basics of fine tune engineering Drawing Skills and best practices all over the world.
- **GD&T: -** Project Management.
- **Quality** Check of designs are emphasized
- **Report** making and communication skills are included to them to be competent.
- **ASSIGNMENTS** are designed to assign the student.
- Students are encouraged to take up **live projects**. To familiarize them to current industry trends.
- Well tuned training programs conducted by highly qualified & experienced professionals.
- **AERF** offers quality education at a competitive Price.

## ❖ 3D Design Soft Ware Training Modules:-

MODELLING	ANALYSIS	SPECIALIZED
PART MODELLING	STRUCTURAL	MOLD
SURFACE MODELLING	THERMAL	TOOLDESIGN
ASSEMBLY DESIGN	CFD	CAST TOOL DESIGN.
DRAFTING		FORGE TOOL DESIGN
TRANSLATORS		
SHEET METAL		

## ❖ CAM PACKAGES

PROFESSIONAL	MANUFACTURING	CNC MACHINES
TOOL PATH GENERATION NC PROGRAMMING 2D& 3D	DRILLING PLANAR MILLING CONTOUR MILLING 3D-PROGRAMMING	MILLING LATHE 4-AXIS

### Offers Training Courses On CNC Operating/ Programming/ Application

#### ➤ Course details

- CNC fundamentals
- Geometric fundamentals
- CNC programming codes
- Program practice
- Drawing concepts
- Latest cutting tools
- Training evaluation

#### ➤ Salient features

- ❖ We are providing the course in-line with latest industrial manufacturing practices.
- ❖ Industrial experienced faculties.
- ❖ We are providing study material with video tutorials.
